3D Design

Product Inspection  
Standard Setting

**Free Product Inspection Standard Setting:**  
In addition to the usual quantification of p-product physical properties and appearance standards, we will add REACH, RoHS, FDA, CA-65, or CFC Free to the standards according to customer needs.

**Free Mould Opening:**  
Large order quantity with mould cost free.

**Free 3D Design:**  
Finehope help customer design the desired product or modify the design for free.

**Free DFM/A Report:**  
Finehope will show details and solutions of manufacturability and assemblability through PPT to help customers reduce trouble.

尺寸: 248\*78\*74mm  
 MOQ:100  
 重量:248\*78\*74mm  
 材料:PP  
 颜色:白色 / 黑色  
 表面处理:无 / 30  
 包装:100个/箱  
 交货期:10-15天  
 付款方式:30%

Finehope 2003 年通过了 ISO 9001 认证

IATF16949 认证:

Finehope 2021 年通过了 IATF16949 认证  
 认证范围: 50 个产品  
 2007 年 Finehope 通过了 Caterpillar 认证  
 认证范围: SPC, MSA, FMEA, APQP, PPAP 5 个体系  
 认证机构: Caterpillar 认证

## Production Device

### KRAUSS MAFFEI

Finehope has successively introduced many of the world's most advanced German KraussMaffei high-pressure injection machines since 2010.

Reaction Injection Molding (RIM)  
High Pressure Machine  
KRAUSS MAFFEI  
Made in Germany!

### Self-invented fully automatic production line

Finehope has independently developed a number of fully automatic P-U injection production lines since 2010. These production lines reduce production costs and meet customer delivery requirements.

### Welding Robots

Since 2016, Finehope has continued to purchase welding robots and automatic fixture turntables for welding metal parts. The independent processing of accessories saves the waiting time and procurement cost of outsourcing processing.

### CNC Machine

Finehope has continued to purchase CNC equipment since 2016. CNC (Computer Numerically Controlled) machining is a manufacturing process in which pre-programmed computer software dictates the movement of factory tools and machinery. Using this type of machine versus manual machining can result in improved accuracy, increased production speeds, enhanced safety, increased efficiency and most importantly, help customers save costs and improve product quality.

### Mould Release Agent Painting Robot

Since 2019, Finehope has purchased robots for spraying water-based release agents to improve the working environment, improve spraying quality and material utilization, and reduce labor costs.

### 3D printer

Finehope started to purchase 3D printers in 2015. 3D printing can realize rapid proofing of new product prototypes and templates for resin molds, and can also be used for faster and cheaper small batch production.

## Social Responsibility
